

Graphic Designer

Based in sunny San Diego, the XYO Network is the world's first Proof of Location blockchain project. The company behind XYO Network is XY Findables, which was started in 2012 and has produced over 1 million Bluetooth and GPS hardware devices, which help customers find and keep track of their prized possessions, like their keys, purse, and other things.

The lessons we've learned building a successful consumer IoT business has prepped us for the most exciting and ambitious chapter of our company's life: the XY Oracle Network ("XYO Network" or "XYO"). The world's first decentralized location oracle.
